

2015 Canadian Income Disclosure Statement

Rodan & Fields, LLC (“R+F” or “Rodan + Fields®”) markets its products through a network of Independent Consultants. It launched its direct selling business in Canada in February 2015. “We estimate that in Canada the typical participant will earn between \$1,700 and \$2,000 CAD per year.” This estimate is based on experience in the United States and will be updated after Rodan + Fields has sufficient experience to present reliable data in Canada. Of course, there is no guarantee that Consultants participating in the Rodan + Fields program will generate any income. As with any business, each Consultant’s business results may vary. Earnings depend on a number of factors, including the area in which you live, individual effort, business experience, diligence and leadership. Potential Consultants are urged to perform their own due diligence prior to making any decision to participate.

Rodan + Fields launched its direct selling business in the U.S.A. in March 2008.
