

STATEMENT OF AVERAGE GROSS COMPENSATION PAID BY HERBALIFE TO U.S. MEMBERS IN 2013

People become Herbalife Members for a number of reasons. A substantial majority $(73\%)^1$ join us primarily to receive a discounted price on products they and their families enjoy. Others wish to earn part-time money, wanting to give direct sales a try. They are encouraged by Herbalife's minimal start-up costs (at their option, a Mini Herbalife Member Pack [Mini HMP] at (USD) 59.50 or full HMP at (USD) 92.25, plus applicable sales tax, shipping and handling) and money-back guarantee. There is no need to purchase large amounts of inventory or to purchase other materials. In fact, Herbalife's corporate policy discourages the purchase of sales aids, especially in the first few months of a Membership.

If you are someone who seeks to build a part-time or full-time income, we want you to have realistic expectations of the possible income you can earn. The Herbalife earnings opportunity is something like a gym membership: results vary with the time, energy and dedication you put into it. Anyone considering the Herbalife opportunity needs to understand the realities of direct selling. It is hard work. There is no shortcut to riches, no guarantee of success. However, for those who devote the time and energy to develop a stable base of customers and then mentor and train others to do the same, the opportunity for personal growth and an attractive part-time or full-time income exists.

PROFIT ON YOUR OWN SALES: One element of the income a Member can earn is the profit, after expenses, from the resale of Herbalife® products. Members decide for themselves the way they do the business, the number of days and hours they work, the expenses they incur and the prices they charge.

MULTI-LEVEL COMPENSATION: Some Members (22.2%) sponsor others to become Herbalife Members. In that way, they may seek to build and maintain their own downline sales organization. They are not paid anything for sponsoring new Members. They are paid solely based on product sales to their downline Members for their own consumption or to sell to others. This multi-level compensation opportunity is detailed in Herbalife's Sales & Marketing Plan, which is available to all Members online at www.MyHerbalife.com. For the 13.6% of Herbalife Members who are Sales Leaders with a downline, the average compensation received from the Company in 2013 was (USD) 5,381. These amounts are before expenses incurred in the operation or promotion of their business.

In the chart below, we summarize the economic benefits available to Herbalife Members in 2013. For most people (88%), the economic benefits resulted exclusively from a discounted price on products they purchased for personal and family use or for resale to others, neither of which took the form of a payment from the Company.

The multi-level compensation paid to Members summarized below does not include expenses incurred by a Member in the operation or promotion of his or her business, which can vary widely and might include advertising or promotional expenses, product samples, training, rent, travel, telephone and Internet costs, and miscellaneous expenses. The compensation summarized below is not necessarily representative of the compensation, if any, that any particular Member will receive. These figures should not be considered as guarantees or projections of your actual compensation or profits. Success with Herbalife results only from successful product sales efforts, which require hard work, diligence and leadership. Your success will depend upon how effectively you exercise these qualities.
